Welcome to the MYFOOD World!

At MyFood, we develop not only nutritious but also supportive foods tailored to their needs. We believe that all our companions deserve to live a healthy, happy, and long life.

Inspired by our friends...

Every detail is thoughtfully formulated, from digestion to skin health, from immunity to urinary tract sensitivity. Because at MyFood, we offer not only filling but also supportive nutrition.

Health in every meal, care in every grain!

More than just food, supportive nutrition for a healthy life!

Start

Healthy Start for Our Little Friends

- Granules of the right size, ideal consistency, and crunchiness.
- Easily digestible, supports the immune system.
- Formula at an optimal level for growth and development.

Urinary

Support for Urinary Tract Health

- Balanced mineral and vitamin content protects kidney health.
- Balances urine pH level to prevent urinary tract sensitivities.
- High-quality raw materials for healthy kidney functions.

Derma

Healthy Skin and Shiny Coat

- Omega 3 & 6 balance supports skin and coat health.
- Zinc and Vitamin E strengthen and renew the skin structure.
- Vitamins A, B, and D help reduce shedding.

Digest

Formula for Easy Digestion

- Prebiotic and probiotic content supports intestinal flora.
- Hydrolyzed protein facilitates healthy digestion.
- Supports intestinal health to ensure regular bowel movements.

A better future is our responsibility

- Our factories are powered by the sun! Up to 40% of the energy we use comes directly from solar energy.

- We are starting to make our packaging recyclable as of 2025. Because taking responsibility for the future is part of who we are.

- By measuring our carbon footprint, we are taking a step forward and continuing with determination to offer healthy and natural food to our pets. The health of our planet is as valuable to us as the happiness of our animal friends!

- Our commitment to a better world knows no bounds: We are committed to achieving zero-waste production standards by 2030 in accordance with the principles of the circular economy
